

NEW SHUTTLE LOT AVAILABLE ON CAMPUS

11/5/09

URBANA, IL - A new faculty/staff shuttle lot will be available starting Tuesday, November 10, 2009 to service the North Campus area. Lot B22 (located at the corner of University Avenue and Goodwin Avenue, in Urbana) will be available to faculty and staff wishing to park on the edge of campus and walk, bike or bus to their office location.

The purpose of the new North Campus Shuttle Lot is to provide faculty and staff with a safe, economical, and environmentally-friendly alternative to driving into central campus. This additional shuttle lot is also a product of feedback from the campus community and transportation studies. "The goal is to give employees a more economical parking solution while encouraging them to become more physically active by parking on the edge of campus and then walking, biking or taking a bus. We get to promote health while decreasing traffic in the heart of campus and thereby increasing pedestrian safety." stated Morgan Johnston, Transportation Demand Management Coordinator.

University of Illinois faculty and staff with office addresses south of Green Street are eligible to use the North Campus Shuttle Lot, after obtaining a shuttle lot parking permit for Lot B22. The North Campus Shuttle Lot parking permit will cost the same as the shuttle permits for Lot E14 near the Assembly Hall. To obtain a permit to park in the shuttle lot, customers will need to pick up the hangtag at the Parking Department located on the second floor of the Public Safety Building, 1110 West Springfield Avenue.

For a map of the area and more information about the new North Campus Shuttle Lot, visit the Parking Department's website at: www.parking.uiuc.edu
